...What're
you looking
at?

Looking to
buy? Sorry,
but I'm gonna
move on from
here soon.
Look for
someone else
if you want-

*Tell
me.*

*Do you
really want
to stay in
this place?*

??

Good
patien-
tia.

Do you
really want
to stay in
this place?

You are
surrounding
my place.

...What's
going on
here?

I knew I was
forgetting
something...
I'm Michael.

Michael
Rainford.
But you can
call me what
you want.

I remember being fed something that tasted terrible.

Looking back on it now,

that pain was probably the price I had to pay in return for not having lasting withdrawal symptoms.

I can't describe how much the next month hurt as the drugs slowly slid out of my body.

Next thing I know, I was shivering on a bed.

...Wizandry?

You can do it, right?

Also, don't show me this stuff.

There are countless hidden things in this world. Things that can't be seen.

The world is much wider than you can imagine, Alice.

Look, I'm a kid but I wasn't born yesterday, okay?

A way to look at and understand the world around us from a different viewpoint than that of the more conventional disciplines.

It's a field of study, just like the hard sciences.

Alchemy is not something to show off lightly.

It's like a secret. You will learn to recognize it soon enough.

I don't really get it.

And in order to manipulate it, you require magical power.

Something you possess, incidentally.

Alice.

You've
got a rare
chance.

...I don't
really feel
like study-
ing stuff.

your life
will open
up before
your eyes

If you throw
yourself into
studying it with
everything
you've got

A quiet
drip

That would
be easier on
me, to be
honest

If you don't
want to be
my student,
you can be
a guardian,
instead

Something
like a body-
guard.

It's easy to
make mistakes
in the course
of pursuing
our studies.

Sometimes,
we may decide
to watch out
for us.

So what
do you want
me to do?

...I
dunno.

You tell
me what
do you
want to
do?

How
could I?
I didn't
understand
a word
he said.

I couldn't
trust him.
Not then.

but I'll
work to earn
my keep,
at least.

*Honestly,
I just thought
he was some
kind of freak.*

*So what
choice did
I have? I
started
selling
drugs.*

*We got me
addicted too
to get me
into drinking
and then
promptly
died.*

*My father was
drunk. Always
high on drugs
and drunk
to boot.*

*...And then
that day
happened.*

*You want me
to organize
your books?*

*When you
think about it
it would have
been stronger
for me to
actually trust
someone.*

*it wouldn't
do to go and
get hurt
again.*

*You only
just got
better.*

*Follow
me.*

...

*I'm pretty
good at
pitching up
cups.*

*I'm self
taught,
but still.*

...I just
don't know
what I
should say.

You should
make your own
decisions on
whether
you're happy
or sad.

You shouldn't
need some-
one else telling
you how you
should feel.

Thanks
for
listening.

I didn't forget
about it, exactly.
But there's a lot
of stuff I remem-
bered just by
thinking about it.

It's all
stuff that
happened
a long
time ago,
Dad.

You don't
have to think
about it.

魔法使いの嫁

魔法使いの嫁

I was
with her
about an
hour at
last, huh.

...Angry?

I thought
you would have
told me not
to go...

Of course
I would.

the
man
with
the
goat
head
was
all
right

Red it's...
Well, it's a
day early,
but...

I went out
to, umm. Buy
a Christmas
present
for you.

I'm
sorry...

Was I
angry?

Ma?

I
think
so.

魔法使いの嫁

What?!

And now
for yours.

Wow.
It's even
got minor
damages
on it.

...You
made
this?

but
I thought
I could
make one
for you,
too.

I only ever
made them
for Angelica
and her
daughter.

It's
Angel.

But I think
that bear is
the best I've
ever made.

A long
time ago,

Reggie
told me that
she wanted a
teddy bear as
a present.

...even

... Have you
been going
for years
every year
since then?

I don't
know
what else
would be
a good
present,
after all.

Oh,
and what's
all that?

...Thank
you.

And I remember hearing that presents for children are supposed to go under the tree.

What?

There's one from Angelica, and one from Simon, and another from Linda.

They're all presents for you.

So you should leave these for tomorrow.

Of course, Christmas presents are normally supposed to be opened on Christmas Day.

That's what Christmas is for, isn't it?

There'll be time enough for watching later.

Gosh...

I thought he'd forgotten.

Now, I think we should get to supper.

*...I can't
believe
the day
would ever
come...*

*...When
I would
think of
tomor-
row,
and look
forward
to it.*
